OVERVIEW

Fertility preservation is a substantial quality of life issue for young cancer survivors. As a consequence, the demand for fertility preservation has dramatically increased. The aim of the Congress is to update current scientific and clinical development of fertility preservation strategies. The Congress will not only propagate the current knowledge but also provide an opportunity for networking.

TARGET AUDIENCE

This congress is designed for reproductive endocrinologists, hematology-oncologists, gynecologic oncologists, psychologists, basic scientists, clinical researchers, oncology nurses, REI nurses, oncology social workers and others interested in fertility preservation.

OBJECTIVES

At the completion of this congress, participants should be able to:

- Educate medical professionals to facilitate FP referrals.
- Define the ethical and legal issues related to FP.
- Explain the impact of cancer treatment on fertility and reproduction.
- Evaluate the current status of gamete cryopreservation.
- Assess the strategies and values of emerging technology in ovarian transplantation.
- Recognize the basic physiology and effects of cryopreservation.
- Analyze physiology and current techniques of folliculogenesis and IVM.
- Identify new fertility preservation technologies.

AGENDA & FACULTY

Thursday, December 8, 2011

- 8:00 a.m. **Hands-on Workshop on Oocyte Vitrification** (& video demonstration of ovarian tissue cryopreservation)
Ri-Cheng Chian, PhD (Chair), Peter Nagy, MD, PhD
- 4:00 p.m. Adjournment

Friday, December 9, 2011

ACCREDITATION

All participants are required to sign attendance rosters at the beginning of each day. A certificate of completion will be provided to all activity participants based on documentation of actual attendance time, meeting minimum attendance requirements specific to the activity, and payment in full. If you are not paid in full, your certificate will be mailed to you upon receipt of payment.

Physicians: This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the KU Medical Center Office of Continuing Medical Education and International Society for Fertility Preservation. The KU Medical Center Office of Continuing Medical Education is accredited by the ACCME to provide continuing medical education for physicians.

The KU Medical Center Office of Continuing Medical Education designates this educational activity for a maximum of 14.5 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Nurses: Up to 14.5 contact hours will be awarded to all individuals based on documentation of actual attendance time, meeting minimum attendance requirements specific to the activity, and payment in full.

University of Kansas School of Nursing is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

Accredited status does not imply endorsement by the provider or ANCC of any commercial products displayed in conjunction with this activity.

7.0 Credit hours will be awarded for attending the Thursday workshop.

REGISTRATION & FEES

Payment is required at the time of registration. Only registrations accompanied with payment will be accepted. Please register in advance. Fees include course materials, continental breakfasts, lunches, refreshments and continuing education credit. See the registration form for detailed fee information and registration instructions.

LOCATION & PARKING

All events will take place at the Fontainebleau Miami Beach, 4441 Collins Avenue, Miami, FL 33140. While attending this activity, you can be reached at 1-305-535-3295. Callers should ask for The Second International Society for Fertility Preservation World Congress on Fertility Preservation Program.
